In this new E-book, Frank shows all the ins and outs for over 15 kiln-forming projects. One hundred fifty pages filled with hundreds of pictures, drawings, schedules and information on the technique of shaping glass in your kiln. An inspiring range of, often unusual forms, each project with a clear explanation of the theory and firing cycles.

Firing cycles given in F per hour, C per hour and time.

Frank exhibits all over the world; over 30 museums have his work in their collection. Frank is also known for conducting workshops in many 30 countries. He generously shares all the knowledge that made him a well-known artist. E-Book in PDF, price € 22,-- or US\$ 25.—
